

Acting on my behalf on 8/3/24 at 5:10 p.m. Pacific Standard Time, Veterans Administration Patient Advocate Representative Robert Rahal who agreed to help me, attempted to send the attached fax to House Oversight Committee members Senator Jim Jordan, Senator Josh Hawley, and Senator Ted Cruz. The fax titled "Federal Whistleblower Receiving Retribution" detailed the length and depth of my dire circumstances, evidence of the corruption and where to find it, and the efforts by the Democrat cabal to keep all silent, hidden, and unknown.

After understanding the illegal surveillance and wiretapping I received, Mr. Rahal attempted to be discreet and waited to send the fax from California during a trip instead of from Hawaii. While at a break during his trip, he sent the fax from UPS. Mr. Rahal did not receive a reply. I did not receive a reply.

The fax attempt was sent to (202) 225-3974, the phone number listed for the United States House Committee on Oversight and Accountability. At <https://oversight.house.gov>, a solicitation is made for the public to report "instances of waste, fraud, abuse, and mismanagement in federal agencies".

Unquestionably what I and my family have endured for the past 8+ years at the hands of the weaponized, corrupt federal cabal qualifies for review and action by the House Committee.

Thus why my fax never made it to its intended recipient.

Like many other attempts at exposure, I surmise the fax was erased from view via another cyber attack to prevent receipt. Such a demonic action would not be unlike the previous 350+ faxes, phone calls, emails, texts, and social media posts I or someone I hired sent on my behalf that never received a reply.

My claim the fax was blocked from receipt can be refuted or verified by calling voice to the House Committee at (202) 225-3974. Please ask if my fax was received on 8/3/24 at 5:10 p.m.

The answer will be no. Please prove I am wrong.

Re: Federal Whistle Blower Receiving Retribution

This correspondence is from Mr. Ricardo A. Finney in Kapolei, Hawaii. I am a disabled US Air Force veteran, a targeted federal whistle blower, and a nation-state level cyber crime victim. I've suffered whistleblower retribution for the past 7+ years because of collusion between the Department of Justice, the Department of Defense, the US Army, the Federal Bureau of Investigation IC3 Cyber Crime Division, Homeland Defense, Secret Service, and the Honolulu Police Department Criminal Investigation Division (CID). Each agency colluded to keep the federal whistle blowing I and 4 others are involved in hidden.

The whistle blowing involves the abuse and mysterious death of a US Army soldier and the nation-state level cyber attacks against me in retaliation. The desire of the perpetrators is to keep all the evil events that have harmed me and others quiet and unknown by honest officials in authority. I've been victimized by illegal surveillance, cell phone wiretapping, computer hacking and destruction, and more.

At the Deep State level, the DOJ, DOD, and US Army are involved by having failed to answer my September 3, 2020 whistle blower and cyber crime letter sent to the DOJ identifying US Army cyber criminals. I received a non-answer not from the DOJ, not from the FBI, but from my persecutors, the US Army. Their letter included a reference to President Trump as my addressee dated on the day he left office in 2021 instead of from Attorney General Barr to whom I had addressed my letter to four months earlier. The FBI won't answer any of my nearly 25 IC3 cyber crime complaints filed since 2016.

The FBI and HPD in Hawaii has, and continues to allow the cyber attacks against me to continue unabated. To cover for the FBI, HPD purposely ignored, then closed 36 cyber crime victim statements I submitted since August 2016 through July 2022. This deceit was perpetrated to keep the whistle blowing matter silent and to avoid a formal cyber crime referral to the FBI. Evidence proving my claims are here: <https://www.hiddenfederalwhistleblower.com> <https://bit.ly/7yearsofdeceit>
<https://bit.ly/3LEINLX> <https://bit.ly/cyberattacksupdate2>

They continue to block me from contacting lawyers, the media, and cyber security agencies. I am blocked "shadow banned" on TruthSocial (Ricard0_Finney136) and X (phillip_aeros). I urgently need:
Investigation and intervention - A federal civil rights attorney - Honiest law enforcement action
A reporter to expose the facts - Prayer, prayer, and more prayer leading to God receiving all the glory!
Please expose this. Please help me.

Respectfully,

Ricardo Finney

I sent this email from my accounts with AOL (heisrisen808@aol.com) and Microsoft Outlook (joshua1nine@lionofjudah808.live) No reply

A check with the Judiciary will reveal the emails are not in their queue. They were never received. Cyber criminals blocked them.

They also intercepted a FedEx shipment I sent.

Re:

Weaponized DOJ/FBI/State/City Federal Civil Rights Violations - Cover Up

Help Needed Urgently!

Aloha,

This correspondence is from Mr. Ricardo A. Finney, a resident of Kapolei, Hawaii. I am a disabled, elderly US Air Force veteran, a targeted federal whistle blower against the US Army, and a cyber crime victim. I am contacting you with a request for help in response to violations of my federal civil rights by the DOJ, FBI, US Army, and Hawaii federal, state, and city politicians. In retaliation for getting involved with attempting to expose the abuse of a US Soldier assigned to Walter Reed Hospital in Maryland that later died under mysterious circumstances, members in the federal government or their agents in collusion with the aforementioned parties continue to conduct extremely sophisticated cyber attacks against me and my family trying to silence me.

Officials in the Department of Justice, the FBI, the Honolulu Police Department, the Democratic Mayor of Honolulu, the Democratic Hawaii State Attorney General, Democrat Congressman Case, Democrat Senator Schatz and others know the attacks have, and continue to happen and refuse to act to keep the cyber crimes and negligence hidden. I asked cyber crime agents from Homeland Defense and the Secret Service to help me. Both refused.

Through the FBI's C3 cyber crime complaint system, I reported 28 cyber attacks to the FBI from August 2016 through July 2023. The FBI purposely ignored each report and refused to investigate any of my reports to keep what happened to me and the whistle blowing matter silent and hidden. Agents I contacted in person and via email refused to investigate my complaints. Agents ignored my email requests for law enforcement intervention. From August 2016 through July 2022 I filed 36 cyber crime reports with HPD. Officers in the HPD Criminal Investigation either ignored my reports or replied with evasive, elusive responses or had none at all. Through repeated acts of omission, none of my reports were investigated, then HPD applied tricks, underhanded tactics and ploys to claim I was "uncooperative" and closed all my cases permanently to keep their negligence hidden. The Honolulu Mayor refused my request to have his police chief to act to stop the cyber crimes. The Hawaii Attorney General told me to get an attorney.

The determination by HPD to close all my cases was not based on an honest, forthright, unbiased assessment of my cyber crime cases centered on facts, truth, and reality. Instead, through deceit, intentional misdirection, witness intimidation, and various tricks, tactics, and ploys to include twisting information and committing acts of omission, Det. Iinuma from HPD misled me the entire 13 weeks we interacted from August to October 2022. As was the case with the officers who came before him, Det. Iinuma did nothing to resolve any of my 30+ cyber crime case on file. However, this time I was led me on a pre-planned hamster wheel of ever-increasing administrative tasks with most of them

OnMail - Whistleblower Needs Help

<https://mail.onmail.com/u/0/print/thread/1711zreouju>

being impossible to resolve yet demanded, none which were true case investigations.

On September 3, 2020, I sent a letter to Department of Justice Attorney General Barr explaining my circumstances, the reason for the whistle blowing, and a request to help me. Four months later on the day President Trump left office I received a non-sense, evasive reply not from the DOJ, not from the FBI, but from the Army, the same agency the whistle blowing was against. The non-response was very purposely hidden from President Trump's staff during his last months in office and not provided to me until January 21, 2021. Again, I mailed my letter to AG Barr on September 3, 2020. The reason for the whistle blowing was hidden during his entire term. Thus goes the cover up. It is the reason for the criminal retribution against me for the past 7+ years.

Evidence to support my claims is here:

<https://www.hiddenfederalwhistleblower.com>
<https://bit.ly/cyberattacksupdate2>
<https://bit.ly/7yearsofdeceit>
<https://bit.ly/3LEINLX> (3LE then small letter "L" NLX)

Attorney Arnold T. Phillips from Honolulu saw merit in my case and represented me previously. Evidence I presented to Attorney Phillips proved I have been victimized. Tragically, he died in January 2023 after hitting his head a fall. Attorney Phillips and I were at the beginning stages of structuring a federal civil rights lawsuit centered on HPD's misconduct when he passed.

Before he passed we composed this partial factual basis for my federal complaint:

FACTUAL BASIS FOR MY COMPLAINT

Since July 6, 2016, I have been subjected to retaliatory cyber attacks intended to silence me as a whistle blower. Members of the Honolulu Police Department's Criminal Investigation Division (HPD CID) purposely and with intent failed to thoroughly investigate or outright ignored 36 cyber crime victim statements I submitted from August 4, 2016 through July 17, 2022. Specifically for the period August 9, 2022 through October 17, 2022, Det. Thomas Iinuma of HPD CID failed to conduct any useful investigative actions then closed all my cyber crime statements falsely claiming I was "uncooperative".

Det. Iinuma said I failed to deliver a computer for inspection on a day and time he was unavailable. He admitted this in writing. In another rush to closure, Det. Iinuma claimed I was "uncooperative" by not delivering my only working computer to him on a Monday after his stipulation came with no-notice the prior Friday. He failed to reveal he refused to allow me sufficient time to have a new replacement computer configured by my computer technician to offer protection against sophisticated cyber attacks. There was no positive reason to rush me. After stating he has no international law enforcement jurisdiction, Det. Iinuma demanded I permanently release to him my pair of brand new encrypted, compromised cell phones I purchased from Canada.

- END -

These are only a few of the actions of misconduct I endured. At my evidence website please refer to file: 3 HPD Actions 2022, Actions #1 - #5.

After sending me his second closure notice on 10/18/22 Det. Iinuma did not contact me again.

On 12/08/22 while in ongoing contact with my long-time computer technician, Mr. Laine Kohama, owner of Gigaisland Computers in Honolulu, Det. Iinuma referred to locating cyber criminals related to my same cyber crime cases. Det. Iinuma referenced his (quote) "ongoing investigation into validating Mr. Finney's criminal complaints" in emails sent to Mr. Finney's computer technician, Mr. Laine Kohama. On 12/08/22, Det. Iinuma told Mr. Kohama (quote) "We need a recorded interview with you before proceeding with this case with the feds". On 12/15/22 Det. Iinuma advised Mr. Kohama Mr. Finney's cases have been (quote) forwarded to federal partners who are looking forward to locating "these criminals". Det. Iinuma said nothing to me before, during, and after communicating with Mr. Kohama.

Nearly two months after closing all my cases under false pretenses, Det. Iinuma stated to a 3rd party "an investigation is "ongoing", alludes to "proceeding with this case with the feds", and notes "federal partners who look

<https://mail.onmail.com/u/0/print/thread/1711zrecuju>

forward to locating criminals". These actions conflict with his October 17, 2022 case closure notice given to me and the post-closure silence.

This is as far as we got before Attorney Phillips died. Much has happened since then.

One of Det. Iinuma's last acts was to refer me to the HPD police chief for future cyber crime complaints. Clearly understanding the HPD police chief knew of, and condoned the actions of HPD/CID that harmed me, I asked the Mayor of Honolulu to intervene. In my online documentation you'll note I explained when and how my civil rights were violated while exposing assorted lies. The mayor directed back to HPD and the FBI. I responded with a litany of additional examples of HPD misconduct and another request to intervene. I did not receive a reply and have been ignored since then.

The silence is a testimony as to what occurred.

The negative actions of Det. Iinuma and the other officers involved has caused great personal and professional cost to me. I've been able to stay online only by having my hacked computers repaired over and over and over again and purchasing upgraded network protection at major effort and expense. I continue to receive cyber attacks against my business network. My health has declined immensely in response to the daily stress imposed on me by the dishonest law enforcement personnel at HPD and the FBI.

Fortunately, I documented all their negligence in great detail. I recorded each time the FBI and HPD failed to respond to my cyber crime notices and have gigabytes of evidence posted online and saved to backup files. Knowing I have proof to expose their crimes, the DOJ, FBI, and politicians allow the cyber criminals to continue their attacks trying to hide and silence what they've done and allowed. Cyber criminals have tried to erase my computers and tablets and stop my printers from working. They have infected USB thumb drives and compromised my firewall. They know I have to stay online to stay financially solvent. They also know I am trying to reach attorneys, news media, and whistleblower advocacy agencies. They know I am trying to contact Sen Grassley from Iowa, Senator Jordan from Ohio, Senator Hawley from Missouri, and Senator Goetz from Florida from the Senate Oversight Committee investigating whistle blowers.

The Army cyber criminals destroyed my computer-based commercial photography business and my wife's online cosmetic supply standup years ago. We've stayed financially solvent by taking out four home equity loans since the hacking started awaiting law enforcement protection. The desire of the FBI, the Army cyber criminals and the HPD/CID is for me to run out of money to pay for computer repair and protection and be knocked offline permanently so what has happened to me and others is never exposed.

One of the most critical areas of law enforcement negligence involves the FBI and HPD refusing to investigate successful attacks on my Virtual Private Network (VPN) software. VPN software allows me to stay hidden online.

When cyber criminals attacked and disabled my Express VPN, Nord VPN, and Private Internet Access VPN software, the FBI and HPD ignored cyber crime reports I filed proving the intentional damage in order to ensure illegal online surveillance could continue. A 94-page evidence assessment providing what I state is true is one of dozens of sets of documentation I posted at my websites.

A list of key contacts who can validate my claims follows. I also attached a series of suggested questions to ask HPD and the FBI. Their answers, and lack of answers will provide further evidence my claims are factual.

I urgently need:

- Honest law enforcement intervention to stop the cyber attacks and cellphone intrusions. (They listen, block evidence out, calls in.
- A federal civil rights attorney to address my claims.
- Media exposure.
- Prayer and more prayer.

All those who did not abide by their oath of office do not want to be exposed. If you respond to this email address and I don't reply or call my phone number and get a busy signal or voice mail they have me blocked. I'm on X at phillip_aeros.
