

Acting on my behalf on 8/3/24 at 5:27 p.m. Pacific Standard Time, Veterans Administration Patient Advocate Representative Robert Rahal who agreed to help me, attempted to send the attached fax to Republican National Committee Chairperson Lara Trump. The fax titled "Weaponization of Federal Government Against Whistleblower/Cyber Crime Victim Silenced", detailed the eviseration of my 1st and 4th Amendment rights by Democrat-sponsored criminals, **evidence** of the retaliation and corruption levied against me and where located, and the efforts by the cabal to keep all silent and hidden.

After understanding the illegal surveillance and wiretapping I received, Mr. Rahal attempted to be discreet and waited to send the fax from California during a business trip instead of from Hawaii. While on a break during his trip he sent the fax from UPS. He never received a reply. I did not receive a reply.

As was the fax attempt sent to the United States House Committee on Oversight and Accountability, Mr. Rahal did not receive a reply. I did not received a reply. Considering the current political climate, what I and my family have endured for the past 8+ years at the hands of the weaponized, corrupt "Blue" federal cabal is devastating perceptually, morally, and factually.

There is no surprise my fax never made it to its intended recipient.

Like many other attempts at exposure, I surmise the fax was intercepted and blocked via a cyber attack to prevent receipt. Such a malicious action would not be unlike the previous 350+ faxes, phone calls, emails, and texts I or someone I hired sent on my behalf which never received a reply.

My claim the fax was blocked from receipt can be refuted or verified by calling voice to the Republican National Committee at (202) 863-8500. Please ask if my fax was received on 8/3/24 at 5:27 p.m.

The answer will be no. Please prove I am wrong.

Re: Weaponization of Federal Government Against Whistleblower/Cyber Crime Victim Silenced

Aloha, Co-Chairperson Trump...

I am a Christian, a disabled US Air Force veteran, a proud Republican and a federal whistleblower persecuted by the weaponized DOJ, FBI, and others. Long-standing violations of my constitutional civil rights have been allowed and facilitated by members of the corrupt Department of Justice, the Hawaii and San Diego Field offices of the Federal Bureau of Investigation, Hawaii Secret Service, Hawaii Department of Homeland Security, Hawaii Senator Schatz, Hawaii Congressman Case, Hawaii Attorney General Lopez, The State of Hawaii Investigations Division, Honolulu Mayor Blangiarni, the Honolulu Police Department (HPD) Chief Joe Logan, and several of his corrupt officers. All of them know what has happened to me, allow the civil rights violations to continue, and ignore my appeals for help.

The Democrat cabal has participated in a wide-ranging, multi-agency federal whistle blower cover up that has been active against me, my family, and four other federal whistleblowers on the Mainland for over 8 years. The whistle blowing involves the abuse and mysterious death of a US Army officer. To facilitate the cover up, Honolulu and San Diego FBI agents and HPD officers deceived me for 6 ½ years, knowing my cyber attack were valid. They accepted my repeated crime reports over and over again, year after year with no action while I constantly fought to stay online and relevant. My wife and I lost our small businesses, drained our retirement savings, completed four equity lines on our home to stay solvent, and sold our possessions to stay afloat financially. DC, state, and local Democrat politicians I asked for help over and over again went radio silent conspiring to keep me quiet and hidden since July 2016. Their imposed electronic and surface embargo has effectively blocked me from communicating to certain agencies inside and outside Hawaii including attorneys who they block.

In retaliation for the whistle blowing and attempting to expose the 24/7 cyber attacks received, my family and I have been subjected to illegal on and offline surveillance, stalking, unauthorized cell phone wiretapping, home bugging, call blocking, business network interference, and computer destruction that has destroyed my small businesses, finances, peace, and health. The DOJ-sanctioned cyber criminals known by the conspirators have hacked all my computers, disabled onboard video cameras, hacked my tablets and cellphones, shut down my printers, and illegally monitor and selectively block my emails and phone calls trying to keep me and their corruption unknown. They block me on X, TruthSocial, and shut down my Virtual Private Network (VPN) software so I cannot use the Internet without being stalked and blocked. They have intercepted and stolen multiple crime evidence shipments I've attempted to send via UPS, FedEx, DHL, and USPS Registered Mail to media and oversight agencies. Those thefts include three previous requests for intervention and investigation I sent to the RNC and House Oversight Committee last September and November. Criminal acts also include the online identity theft of Attorney Alina Habba and radio host Dennis Prager. (at website)

For irrefutable, unarguable proof my claims are factual, please closely review my very detailed crime evidence site and links:

The sister of the deceased soldier will validate what I claim is true. Please gain direct, face-to-face communication with Dr. Cassandra Harrell, 1968 Stonewood Drive, Lithia Springs, Georgia, (678) 891-9558, drharrell@gmail.com and harrellmillerc@gmail.com. I recommend a personal visit because the response to a call will be voice mail or a busy signal. Texts will not be returned. Like me, her electronic devices continue to be under illegal surveillance and operation with the full knowledge and direction of the government agencies and persons I've identified. Dr. Harrell and I live under electronic embargos with select in and outbound calls and other communication blocked. Our interaction under duress is described in great detail in my evidence online.

The absolute surveillance and nation-state cyber attacks against me continue. Even with these evil, demonic acts, the hidden loss suffered by the fallen soldier's family far exceeds mine.

I ask for your intervention to expose and stop the collusion, deceit, lack of integrity, corruption, and trickery I'm victimized by. I urgently need honest law enforcement action, federal civil rights legal representation, media exposure far and wide, and a reference to Sen. Jordan about the weaponization, and to Attorney Habba and Host Prager about their exploitation at the hands of the Democrats.

Again, my first and fourth US Constitution amendment rights have been severely violated by multiple Democrat federal, state, and city politicians and law enforcement officials in Hawaii, San Diego, and Washington, D.C., with many involved for nearly 3000 days. Without question they fear my data as it connects all the dots...dots that link from the highest levels of the federal government to the lowest decision-maker in the cabal. The amount of effort expended for so long trying to silence me proves my claims are true.

The criminals are backed into a corner and are doing everything possible electronically to stop me from reaching Mainland media or attorneys. No one envisioned me still online and relevant today, a severe threat after so long. Now what was never expected looms...exposure, accountability, and judgement. Siding with Hawaii and DC Democrats to keep the crimes and cover up secret, Hawaii Republican Party RINO's refused to deliver this letter to you at the RNC as I requested.

Thank God Almighty in Heaven, the Ruler of the Universe for sparing President Trump's life. America needs him to rid our government of the rot that exists in the justice system. I and the four other federal whistleblowers suffering retaliation by the Left represent the common man President Trump warns will be attacked if he doesn't win. Please investigate and expose the corruption I've described here and their depth of deceit, lies, and acts of omission to the American people. God bless America! Make it great again!

Respectfully,

Ricardo Finney

This correspondence is from Mr. Ricardo A. Finney, a resident of Kapolei, Hawaii.

I am a disabled US Air Force veteran, a targeted federal whistle blower, and a cyber crime victim.

Please investigate collusion between the Department of Justice, the Department of Defense, the US Army, the Federal Bureau of Investigation IC3 Cyber Crime Division, and the Honolulu Police Department Criminal Investigation Division (CID).

Each agency colluded to keep the federal whistle blowing I and others are involved in. The whistle blowing involves the abuse and mysterious death of a US Army soldier and the nation-state level cyber attacks against me in retaliation. The desire of the perpetrators is to keep all the evil events that have harmed me and others quiet and hidden.

DOJ, DOD, FBI Whistle Blower Cover Up Hidden From President Trump and Staff

On September 3, 2020 I sent a letter to Department of Justice Attorney General Barr explaining my circumstances and the reason for the whistle blowing along with a request to help me. Four months later on the day President Trump left office I received a non-sense, evasive reply not from the DOJ, not from the FBI, but from the Army, the same agency that had, and continues to persecute me and my family to this day. The purposely delayed letter falsely references President Trump as addressee while evading a truthful reply.

The circumstances involved with the whistle blowing in which the DOJ, FBI, and DOD was hidden from President Trump and his staff the entire Trump presidency.

I live in a Blue State.

No one in authority will help me. I have contacted my Democratic Congressman Case and Senator Schatz. Sen. Case will not answer me. An aid for Sen. Schatz stated (quote) "the FBI doesn't listen at us." Hawaii State Attorney General Lopez chose to ignore my plea for accountability. I presented evidence proving city police misconduct to Honolulu Mayor Blangiardi. After proving misconduct my members in his police department I respectfully requested he have his police chief to complete tasks not done to help me. After an initial reply and a follow up after I exposed an untrue explanation by HPD, the Mayor referred me back to HPD ignoring my request for intervention. Content in website links posted here address all these events and more. At the Deep State level, the DOJ, DOD, and US Army are involved first, by having failed to answer my September 3, 2020 whistle blower and cyber crime letter asking why the FBI failed to respond to my IC3 cyber crime complaints, second by colluding interagency to ensure I received a non-answer from the federal agency the whistle was blown against, the US Army. All concerned know of, allow, or facilitate the constant cyber attacks against me.

Throughout the attacks, regardless of the evidence presented, the FBI won't answer any of my nearly 25 IC3 cyber crime complaints filed since 2016.

The FBI is keeping the federal whistle blowing matters silent and hidden. The FBI has been, and continues to allow the cyber attacks against me to continue unabated. To cover for the FBI, HPD purposely ignored, then closed 36 cyber crime victim statements I submitted since August 2016 through July 2022. This deceit was perpetrated to keep the whistle blowing matter silent and to avoid a formal cyber crime referral to the FBI.

Had I not with help from Almighty God, fought through all the Army cyber attacks and purposeful disinterest from the FBI and HPD for the past 7 years, I would not be able to publish this information and expose the acts taken to hide the whistle blowing and the cyber attacks I receive.

Doing so has come at great personal and professional cost to me. I've been able to stay online only by having my hacked computers repaired over and over and over again and purchased upgraded network protection at major effort and expense.

The Army cyber criminals destroyed my computer-based commercial photography business and my wife's online cosmetic supply standup years ago.

We've stayed financially solvent by taking out four home equity loans since the hacking started. The desire of the FBI, the Army cyber criminals and the HPD/CID is for me to run out of money to pay for computer repair and protection and be knocked offline permanently so what has happened to me and others is never exposed.

The cyber attacks against me continue unabated while those in law enforcement and others clearly know the truth. The cyber criminals disable my Virtual Private Network (VPN) software so they can stalk me online. They intercept and block emails and phone calls. They constantly attack my network trying to disable all my devices to prevent me from going online. I've informed law enforcement at all levels
