

Cyber criminals known by the DOJ and FBI have "shadow banned" my TruthSocial username @Ricard0_Finney136 and my X username @phillip_aeros. Since establishing my X and TruthSocial accounts in November 2023, I have not received replies to dozens of direct and public postings revealing criminal acts. My X and TruthSocial usernames do not appear in web searches. This occurs because my comments and postings are visible to me but not other users on the social media platforms.

My X and TruthSocial usernames are also hidden from web searches.

To keep their nefarious deeds unknown, my attackers hide my online presence by shadow banning my crime evidence. Interaction with my content is deceptively hidden in X and TruthSocial. Evidence follows.

Shadow banning

From Wikipedia, the free encyclopedia

Shadow banning, also called **stealth banning**, **hellbanning**, **ghost banning**, and **comment ghosting**, is the practice of **blocking or partially blocking a user or the user's content from some areas of an online community in such a way that the ban is not readily apparent to the user**, regardless of whether the action is taken by an individual or an algorithm. For example, **shadow-banned comments posted to a blog or media website would be visible to the sender, but not to other users accessing the site**.

The phrase "shadow banning" has a colloquial history and has undergone some usage evolution. It originally applied to a deceptive sort of account suspension on web forums, where a person would appear to be able to post while actually having all of their content hidden from other users. More recently, the term has come to apply to alternative measures, particularly visibility measures like delisting and downranking.^[1]

This is the attacker's intent:

By partly concealing, or making a user's contributions invisible or less prominent to other members of the service, the hope may be that in the absence of reactions to their comments, the problematic or otherwise out-of-favour user will become bored or frustrated and leave the site, and that **spammers and trolls will be discouraged**^[2] to continue their unwanted behavior or **create new accounts**.^{[3][4]}

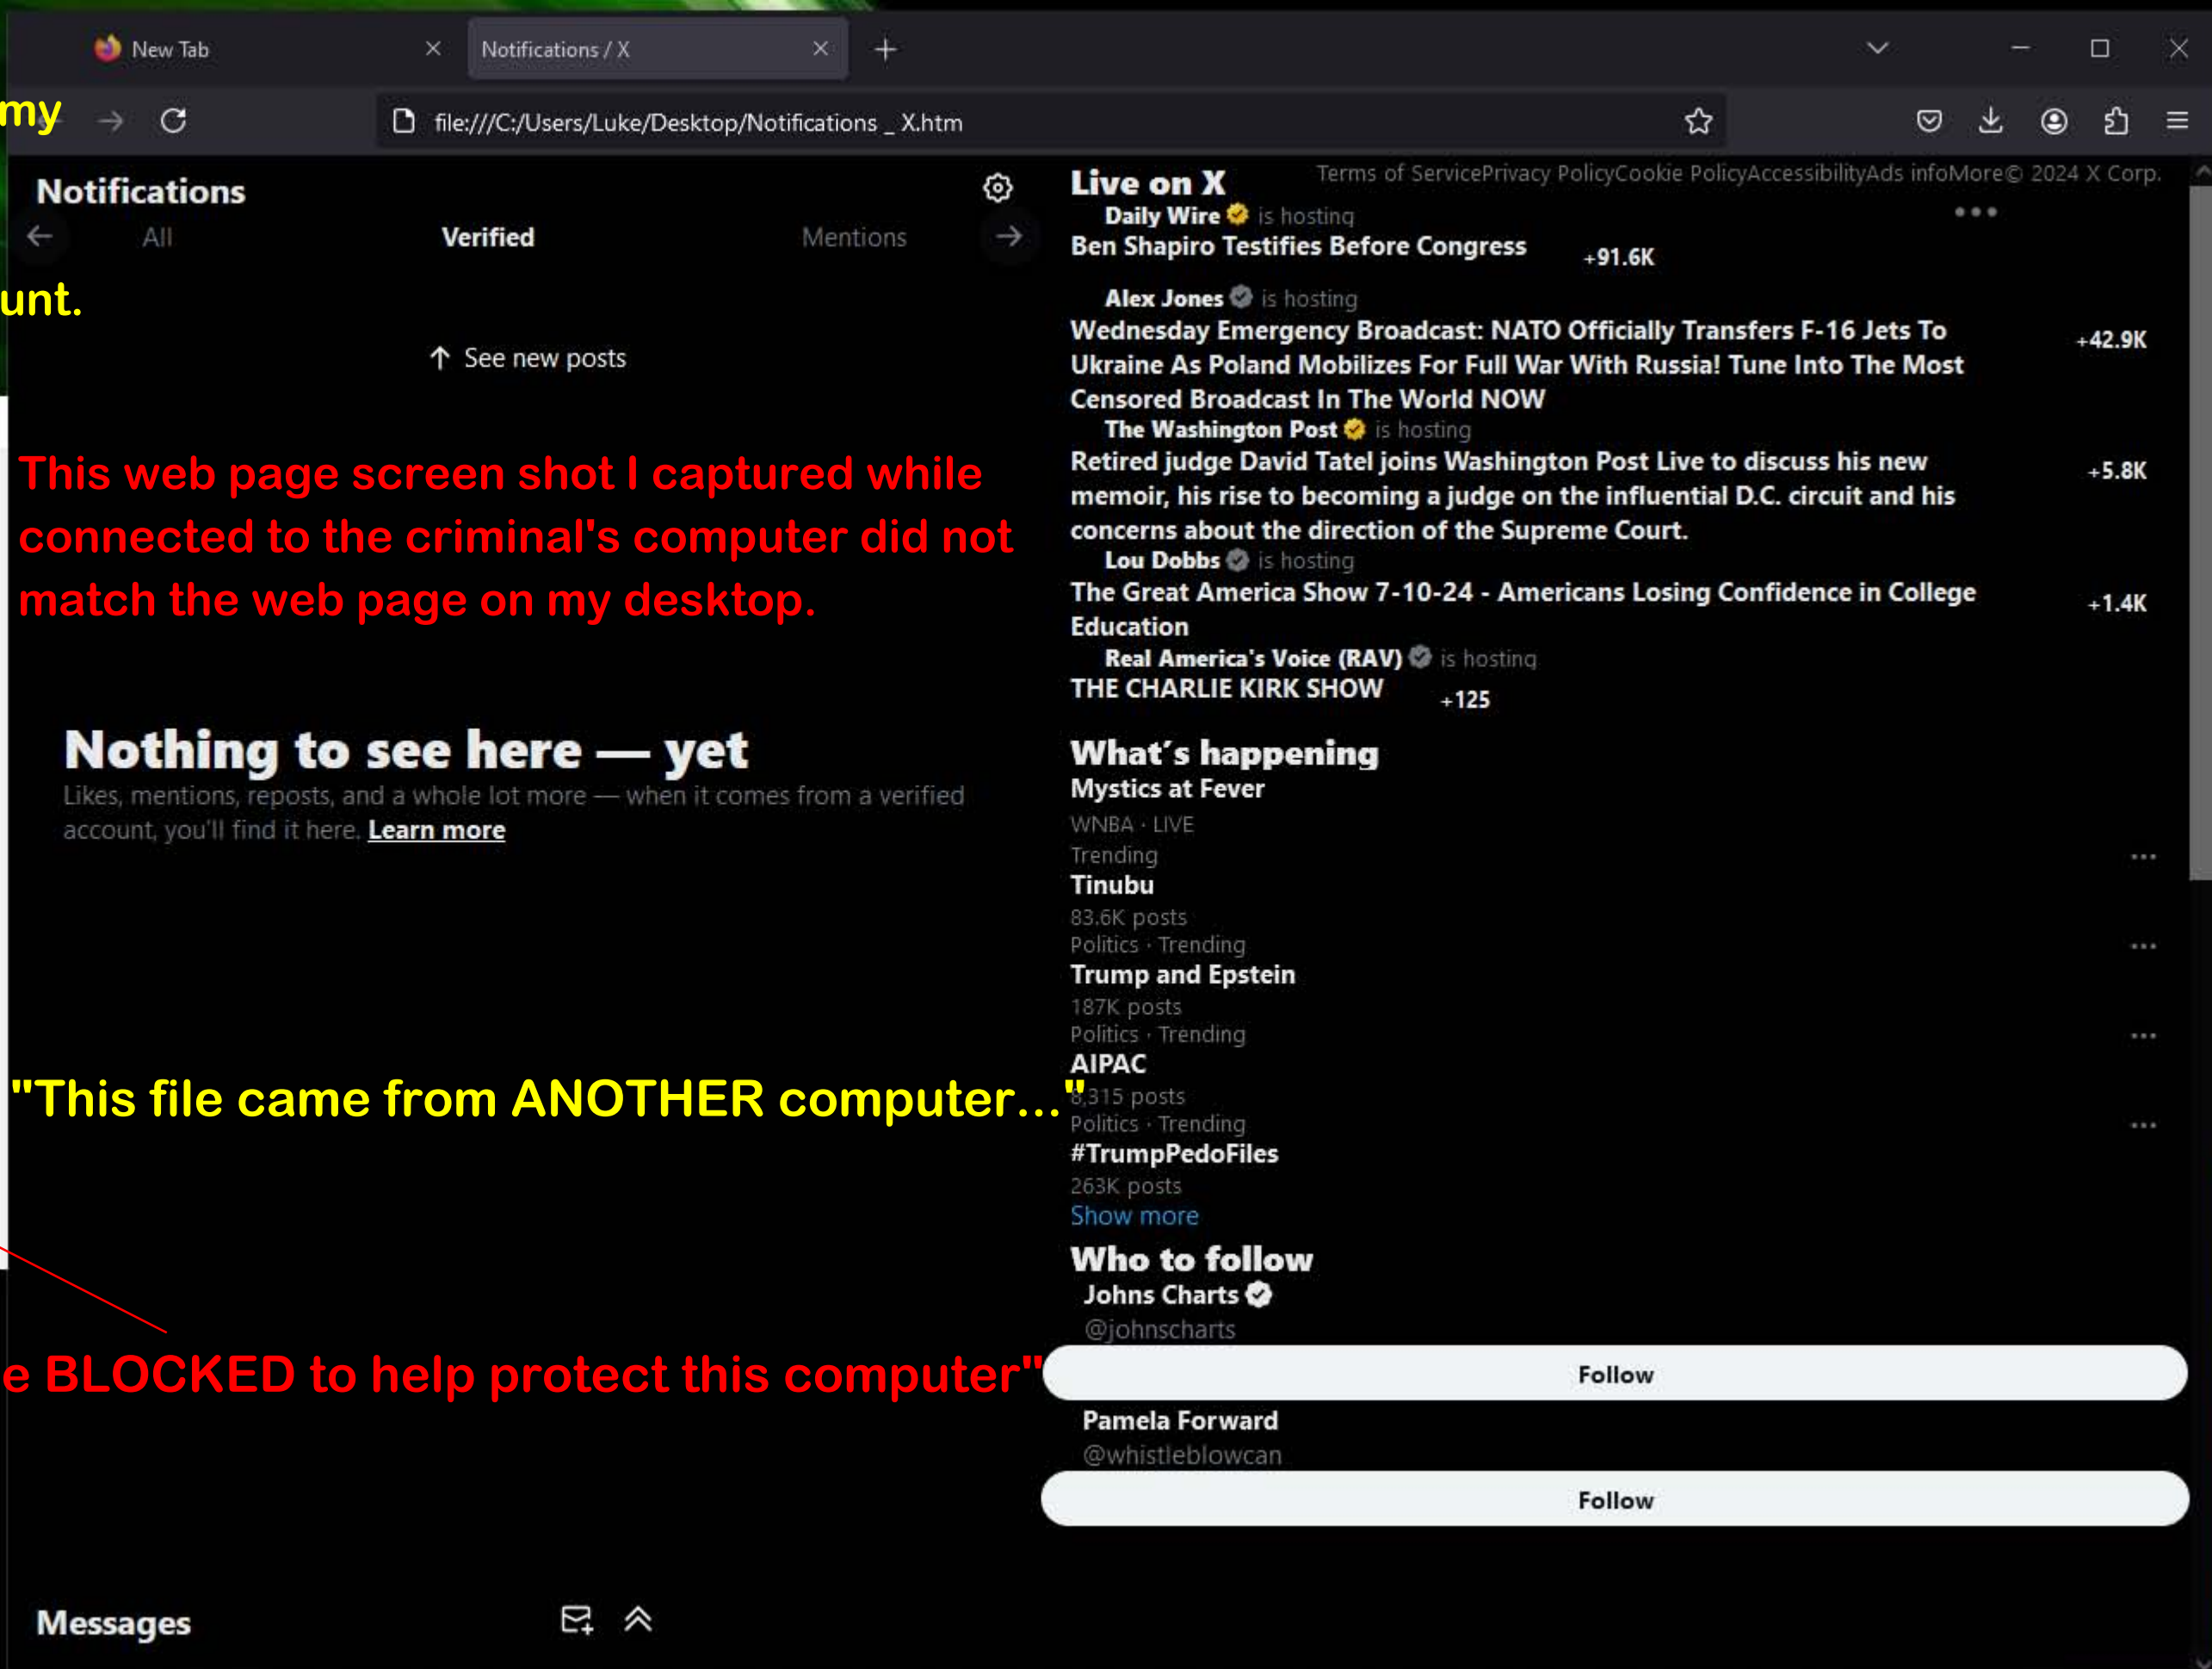

To keep their nefarious deeds unknown, cyber criminals known by the DOJ and FBI my attackers hide my online presence by "shadow banning" my X @phillip_aeros and TruthSocial @Ricard0_Finney136 accounts. They did this by connecting to my computer and intercepting and linking to/compromising my accounts. Also, they hide my usernames from web searches.

I've never received an authentic reply to dozens of direct and public postings I've entered that reveal criminal acts. Cyber criminals hacked both my accounts and have blocked their visibility from other social media users. My comments and postings are visible to me, but no one else. Evidence/proof of these crimes and many others follow.

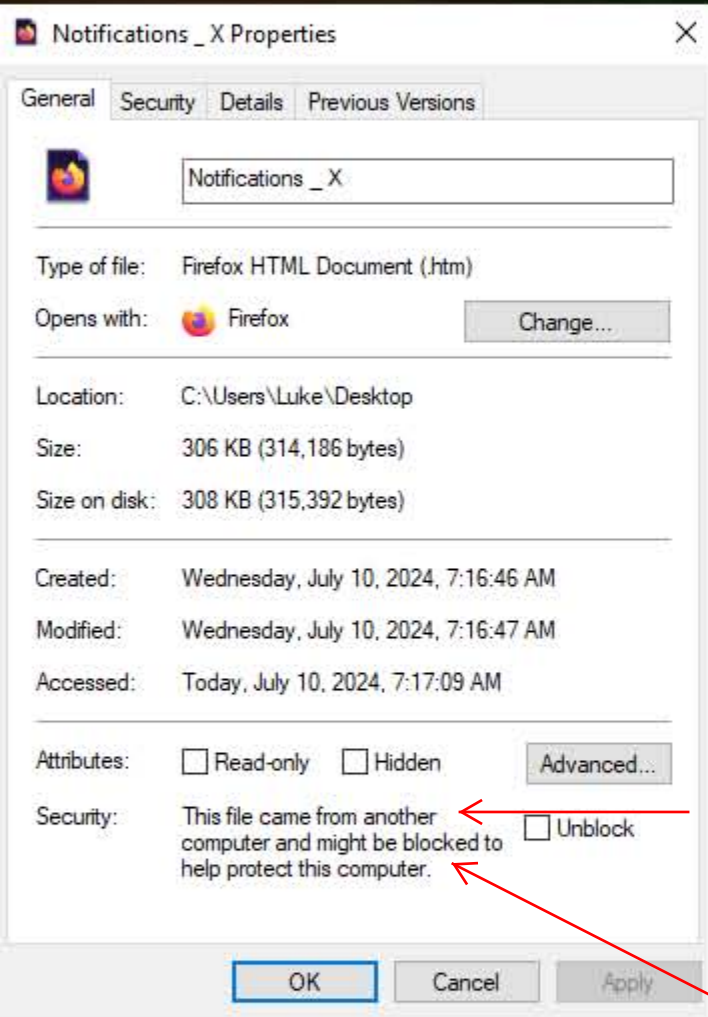

Note the entry: "This file came from another computer"

Cyber criminals breached my business network and connected their computer to mine to block my X account.

This web page screen shot I captured while connected to the criminal's computer did not match the web page on my desktop.

"This file came from ANOTHER computer..."

"File might be BLOCKED to help protect this computer"

@Ricard0_Finney136

My family and I have been brutalized by the weaponized, corrupt DOJ, FBI, and other federal agencies. I urgently need honest law enforcement intervention, legal representation, and media exposure in response to my federal civil rights being repeatedly violated by the cabal.

...vapes function and modified it so only a screenshot image appears. This was done to prevent me from conducting live or taped deep state interviews on Zoom, YouTube, and other platforms. Once again cyber criminals hacked the virtual Private Network software in my phone to prevent me from conducting private conversations. These intrusions can be seen through a virtual inspection easily viewed as evidence. I need to have the hard drive erased right away in the computer to remove the compromise. Before doing I ask that you contact me before close of business Friday July 26, 2023 directly or through your local Field Office to set up a future time and date to have an agent view evidence of these intrusions. Cyber criminals remove or modify content in texts in my cellphone. I contacted TruthFire Marketing in Kansas, Hawaii to ask specific agencies who will help me address my cyber attack problems. Thirty-two repeated phone calls made from June 26, 2023 through July 26, 2023 to the numbers that follow all failed to reach a person, only voicemail. Messages left requesting a return phone call were not answered. I did not receive return communication from any of the agencies listed. As has been the case with other blocked phone calls I did not receive, cyber criminals compromised TruthFire's voice operated phone system to prevent communication between the selected parties and I. The blocked contacts that are key to me are: Joyce Run, (604) 478-7753 Newspaper Editor; Sam, Jim Jordan (202) 226-2676; Project on Government Oversight (POGO) (202) 347-1132; Kathryn Nay (804) 219-0348. If you see each of these individuals or their representatives if they tried to contact me you will find return calls made to me connected to my voicemail (never received) or only rings. I cannot get online without my transaction being blocked by cyber criminals. I am attacked and blocked when attempting to post on social media attempting to silence me. Cyber criminals block my online attempts to reach attorneys. I have evidence. This denial is critical. You cannot silence cyber criminals denying my right to legal counsel to continue. Each day that passes without law enforcement intervention results in money and time lost for me. Again, I repeat! Since 2016 I have asked the FBI to investigate the cyber attacks against my law enforcement action has been taken to silence me. I ask that you get busy on the case as outlined specified by WFO. I am standing by for your contact.

I'm a federal whistleblower and cyber crime victim in Hawaii well known by the corrupt DOJ and FBI. No replies to Registered Mail and FedEx evidence letters sent to the House Oversight Committee and RNC as they were intercepted to stop receipt. #Whistleblowers #viral #corrupt

On 5/25/24 while uploading evidence files to my X page, an unsecured Internet address appeared in one of the images I posted. Wanting to hide my cyber crime evidence online, cyber criminals have used unsecured links to conduct attacks against my home office network.

I refreshed the X page and found my uploads had disappeared. The cyber attack made through the unsecured link was successful. My posts were intercepted and blocked to prevent viewing and investigation.

My accounts in X are invisible in searches, at any given time I have 20-40 persons who follow my account to stalk activity. Nearly all joined X in the past 60 days. As fast as I block names new ones appear. None correspond and only observe my account activity.

I surmise these are individuals in the cabal interested in knowing who I attempt to contact so our communication can be blocked. Once exposed, the aliases disappear and reappear under a new name.
