

8/15/23

My name is Ricardo A. Finney, a resident of Kapolei, Hawaii. I am an elderly disabled US Air Force veteran, one of five federal whistle blowers, and a cyber crime victim in retaliation. The Department of Justice, the FBI, the US Army, and the Honolulu Police Department Criminal Investigation Division (HPD/CID), have violated my civil rights. These agencies colluded to suppress the whistle blowing which involved the abuse and mysterious death of a US Army soldier.

For nearly seven years my family and I have been under illegal phone and vehicle surveillance, had dozens of computers infiltrated, hacked, and disabled, and had their cell phones illegally wiretapped, all done to keep the circumstances involving the whistle blowing silent. From 2016 through 2022 I submitted 36 cyber crime complaints which HPD/CID purposely ignored, then unfairly closed to avoid making a formal cyber crime referral to the FBI. From 2016 through 2023 I've submitted 27 FBI IC3 cyber crime complaints to the FBI which has ignored every one because investigating them would lead to the need to investigate the whistle blowing.

The determination by law enforcement to ignore all my cyber crime reports was not based on an honest, forthright, unbiased assessment of my situation centered on facts, truth, and reality. Instead, through deceit, intentional misdirection, witness intimidation, and various tricks, tactics, and ploys to include twisting information and committing acts of omission, solid evidence of wrongdoing I've provided has been ignored. I've asked Mayor of Honolulu, the Hawaii Attorney General, and the Hawaii Senator and Congressman to intervene. None will act.

Earlier this year Attorney Arnold Phillips of Honolulu represented me and worked to prepare a federal civil rights lawsuit. Unfortunately, earlier this year he suffered a fall and died. I desperately need another civil rights lawyer to bring the corruption and collusion out of the dark into the light. Please help me. Thank you for your time and consideration.

Respectfully,

Ricardo Finney
