Re:
Weaponized DOJ/FBI/State/City Federal Civil Rights Violations - Cover Up Help Needed
Urgently!

Aloha,

This correspondence is from Mr. Ricardo A. Finney, a resident of Kapolei, Hawaii. I am a disabled, elderly US Air Force veteran, a targeted federal whistle blower against the US Army, and a cyber crime victim. I am contacting you with a request for help in response to violations of my federal civil rights by the DOJ, FBI, US Army, and Hawaii federal, state, and city politicians. In retaliation for getting involved with attempting to expose the abuse of a US Soldier assigned to Walter Reed Hospital in Maryland that later died under mysterious circumstances, members in the federal government or their agents in collusion with the aforementioned parties continue to conduct extremely sophisticated cyber attacks against me and my family trying to silence me.

Officials in the Department of Justice, the FBI, the Honolulu Police Department, the Democratic Mayor of Honolulu, the Democratic Hawaii State Attorney General, Democrat Congressman Case, Democrat Senator Schatz and others know the attacks have, and continue to happen and refuse to act to keep the cyber crimes and negligence hidden. I asked cyber crime agents from Homeland Defense and the Secret Service to help me. Both refused.

Through the FBI's C3 cyber crime complaint system, I reported 28 cyber attacks to the FBI from August 2016 through July 2023. The FBI purposely ignored each report and refused to investigate any of my reports to keep what happened to me and the whistle blowing matter silent and hidden. Agents I contacted in person and via email refused to investigate my complaints. Agents ignored my email requests for law enforcement intervention. From August 2016 through July 2022 I filed 36 cyber crime reports with HPD. Officers in the HPD Criminal Investigation either ignored my reports or replied with evasive, elusive responses or had none at all. Through repeated acts of omission, none of my reports were investigated, then HPD applied tricks, underhanded tactics and ploys to claim I was

No reply received. Again.

Whistleblower Needs Help Mar 21
From: Mr. Ricardo Finney

On 2/26/24 my computer tech sent 21 emails with the same content here to various government and media agencies. A virtual private network (VPN) application was used in an attempt to hide the addresses from my cyber attackers A list of the email submissions follow.

I did not receive a single reply. Each email was intercepted and blocked to prevent receipt and action.

To their discredit, in addition to these crimes, cyber criminals (hackers) known and sanctioned by the weaponized multi-federal organization DC/State/City & County cabal have intercepted and blocked nearly 300 emails, texts, webpage contacts, faxes, and phone calls I, or those I've hired have attempted to send to media, legal, or honest politicians. Expose them!
