Description of Incident

Provide a description of the incident and how you were victimized.
Provide information not captured elsewhere in this complaint form.

I continue to receive sophisticated cyber attacks against my business network with no FBI law enforcement action taken to stop the criminals. My 1st and 4th Amendment rights to free speech and privacy continue to be violated by the constant cyber attacks. I have documented evidence supporting each of these crime incidents:

- Currently cyber criminals shadow ban/block me from communicating and interacting on X and TruthSocial where they have erased my

username, Ricard0_Finney136, from web searches.

This is done to prevent me from publicly exposing crimes. They illegally access my devices through my Spectrum business network.

- Currently cyber criminals immediately erase uploads I attempt to post on YouTube, Quora, and Reddit. This is done to prevent me from publicly exposing crimes. They illegally access my devices through my Hawaiian Telecom entertainment account.

- Currently, cyber criminals have modified my firewall security certificate and removed its protection within my network to allow malicious redirects.

- Currently cyber criminals redirect my attempts to log into my paid subscription at the secure website <https://www.pragertopia.com>. The criminals route me from the https site to their pirated http clone site. This is done to prevent me from communicating with Mr. Prager. My claim can be proven by contacting Mr. Prager who will validate he has not received my online communication attempts.

- Currently, my pirated security certificate appears as valid to authenticate secure logins to Amazon. My security certificate cannot validate secure connections to Amazon which has its own security certificate as do all large businesses.

- Currently cyber criminals block my attempts to secure legal assistance from civil rights attorney Leo Terrell through his website <https://www.leoterrell.com>. This is done to prevent me from exposing crimes. My claim can be proven by contacting Attorney Terrell who will validate he has not received any online communication from me

- Cyber criminals continue to illegally access my cell phones and those of my family acting to block or disable them while listen and viewing my activities.

- Cyber criminals continue to intercept and block emails, texts, faxes, and calls I try to make to media and advocates. I have made over 350 attempts to reach various addresses with zero responses.

- Cyber criminals continue to block my online and phone attempts to secure legal representation.

- The identities of Attorney Alina Habba and radio host Dennis Prager were stolen by cyber criminals and used in online extortion attempts against me.

- I am stalked at all Apple Stores in Honolulu where my computers are infiltrated through the store's Wi-Fi network and infected.

- Cyber criminals accessed my iMac computer and disabled the video camera to prevent me from using social media visually.

This is my 31st cyber crime complaint submitted to the FBI since 2016. In every complaint I asked for law enforcement action to stop the cyber attacks. There has been zero law enforcement action. Again I ask for immediate FBI intervention to stop the crimes committed against me.
