

On 8/10/24 I attempted to post whistleblower and cyber crime victim evidence content on YouTube using my iPad. Each time I tried to post my content disappeared.

Cyber criminals blocked my information intending to keep my crime evidence hidden and unknown to avoid accountability.

Screen shots #1 - : that follow and the enclosed short and long videos detail the sequences showing my posted content disappearing from my iPad screen. The cyber attack/hacking occurred immediately after I pasted it in the "Newest" and "Top" areas of the YouTube "Comments" portal.

Aloha...

I'm a federal whistleblower hidden in Hawaii by the weaponized, corrupt DOJ, FBI, and others. No one in this Blue state will help me so all stays silent. Please investigate. Please expose them. Please help me.

The image shows a smartphone screen displaying a social media post. The post features a video thumbnail of a man in a suit with an American flag in the background. A sign in the foreground of the video reads "ELECTION NIGHT 90 DAYS". Below the video, the text "Stolen valor garbage!" is visible. The "Comments" section is open, showing two comments. The first comment, from @clarence9052, contains a long text block and three links. The second comment, from @evacuevas5506, is shorter. The "Newest" filter is selected in the comments section.
